

VR helps students develop Career mindset

Bodyswaps partnered with 5 FE colleges to see how a 15 minute immersive module could help students develop a career mindset to transition them into the world of work.

Career mindset training

Introduce yourself Communicating clearly
Self-awareness Respect **Initiative**
Body language Positive contribution
Talk to people you don't know

Participants

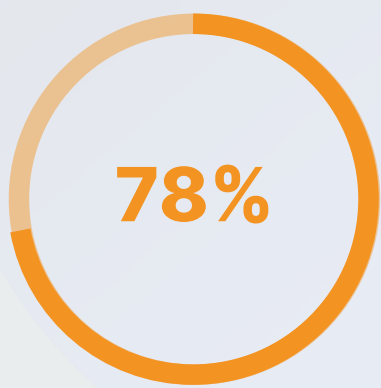

Students

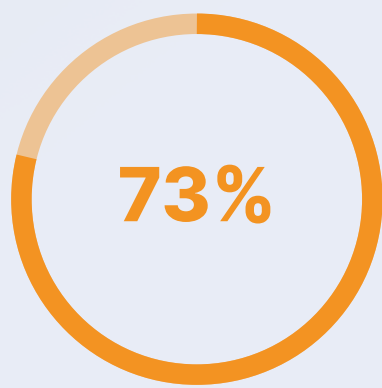

Results (VR-only)

LEARNING OUTCOMES

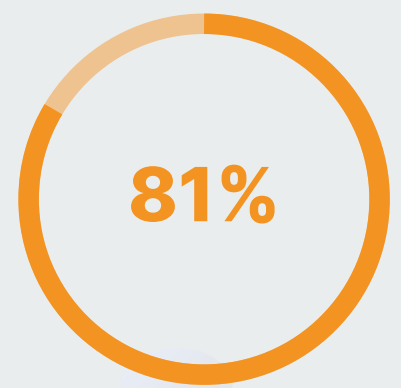

rated VR training as **effective**

SELF-AWARENESS

identified **areas of improvement**

RECOMMENDATION

would **recommend** to other students

Getting the best from VR

Resource

Assemble a team to manage enrollment, booking, technical set up, facilitation and reporting.

Support

Facilitate sessions with up to 6 students at a time to help with learning, onboarding, troubleshooting, sanitising.

Blend

Make VR part of your blend and integrate it with the curriculum to allow repeated practice.

Get involved!

Help your students find the best-fitting jobs for their needs - and then maximise their chances of winning them - with the Job Interview Simulator.
